PROFESSIONAL SUMMARY

Senior UI Developer with 10+ years of experience building responsive, pixel-perfect web interfaces using HTML5, CSS3, JavaScript, Bootstrap, and Tailwind CSS. Proven expertise in translating UI/UX designs into high-performance, mobile-first applications with strong cross-browser compatibility. Expanded into React.js development, building scalable, component-based applications using Functional Components, Hooks, Props, and State management. Committed to delivering clean, maintainable, and production-ready frontend solutions.

CORE SKILLS

- HTML5, CSS3, Bootstrap, Tailwind CSS
- JavaScript (ES6+), jQuery
- React.js (Functional Components, Hooks, Props, State, JSX)
- Component-Based Architecture
- Responsive & Mobile-First Development
- Cross-Browser Compatibility
- Web Performance Optimization
- UI/UX Implementation from Figma/PSD

REACT PROJECTS

- Task Manager Application – Developed using React Hooks with CRUD functionality and localStorage persistence.
- Dynamic Form Validation – Built using React Hook Form and Yup for schema-based real-time validation.
- Responsive React Portfolio – Created reusable components with optimized and mobile-first UI.

PROFESSIONAL EXPERIENCE

- **Appentus Technologies Pvt. Ltd.** – Web Front-End Developer (Aug 2020 – Nov 2025)
Developed responsive UI, reusable components, improved performance, and converted Figma/PSD designs into production-ready interfaces.
- **Design Experts 4U** – Web Front-End Developer (Nov 2016 – Jun 2020)
Built responsive websites, optimized UI performance, and collaborated with backend teams.
- **Dreamz Live Solution** – Web Front-End Developer (Sep 2014 – Aug 2016)
Implemented UI layouts, handled customization, and ensured responsive fixes.
- **W3 Interactive System** – Web Front-End Developer (Sep 2013 – Sep 2014)
Developed Bootstrap-based layouts and ensured cross-browser compatibility.
