PROFESSIONAL SUMMARY

UI / Frontend Developer with 10+ years of professional experience specializing in HTML5, CSS3, JavaScript, jQuery, Bootstrap, Tailwind CSS, responsive web development and pixel-perfect Figma/PSD/XD-to-HTML implementation. Experienced in translating designs into production-ready interfaces, improving cross-browser consistency and frontend performance, and collaborating with designers, backend developers and distributed teams. Worked remotely for 5 years with Appentus Technologies. Also skilled in component-based React.js development and custom WordPress business website development. Available for remote full-time, contract and freelance opportunities.

10+ YEARS UI / FRONTEND	5 YEARS REMOTE	FIGMA/PSD/XD TO HTML	RESPONSIVE & PERFORMANCE-FOCUSED

CORE SKILLS

PROFESSIONAL EXPERIENCE

Freelance Frontend / UI Developer | Independent Projects — 2026 - Present

- Delivered responsive business websites using HTML, CSS, JavaScript and custom WordPress solutions featuring custom page templates, WhatsApp/contact form integrations, Hostinger deployment, and SEO optimization.
- Handled domain/DNS coordination, deployment support and post-launch maintenance for client websites.

Web Front-End Developer | Appentus Technologies Pvt. Ltd. — Aug 2020 - Nov 2025

- Worked remotely for 5 years, building responsive production interfaces from Figma/PSD designs using HTML5, CSS3, JavaScript, jQuery and Bootstrap.
- Implemented reusable UI components and responsive layouts with attention to pixel accuracy, cross-browser compatibility and frontend performance.
- Collaborated with designers, backend developers and distributed teams to troubleshoot UI issues and deliver production-ready pages, including work on a government web project.

Web Front-End Developer | Design Experts 4U — Nov 2016 - Jun 2020

- Converted design concepts into responsive web pages and maintained consistent UI behavior across desktop, tablet and mobile.
- Resolved cross-browser UI issues, refined layouts and supported frontend performance improvements for client websites.

Web Front-End Developer | Dreamz Live Solution — Sep 2014 - Aug 2016

- Implemented responsive layouts, UI customization and frontend fixes across client websites.

Web Front-End Developer | W3 Interactive System — Sep 2013 - Sep 2014

- Developed Bootstrap-based layouts and maintained responsive, cross-browser compatible interfaces.
